Budget Opening Required: No

**ISSUE:**

Authorization to purchase one (1) side dump bed and sander to include installation on a new 2009 Ford F550 truck replacing 750641 for the Operations Division of the Public Works Department.

**SYNOPSIS:**

This resolution authorizes the purchase of one (1) side dump bed and sander to include installation on a new 2009 Ford F550 truck replacing 750641 for use by the Operations Division of the Public Works Department.

**BACKGROUND:**

The City has selected H&K Truck Equipment/Tesco Williams as the supplier for one (1) side dump bed and sander including installation per the attached quote. The Operations Division currently uses similar side dump sanders that were installed by H&K Truck Equipment/Tesco Williams.

The Fleet Manager met with the department and determined that the Department is very satisfied with the make, model and installation of this side dump bed and sander and would like to use the same equipment for continuity.

**RECOMMENDATION:**

Approve purchase of one (1) side dump bed and sander including installation for use by the Operations Division of the Public Works Department.

**SUBMITTED BY:**

Russell B. Willardson, P.E., Public Works Director
